Poster instructions

Instructions for the paper format

- A0 format (840 mm x 1189 mm) in portrait mode (vertical)
- If possible, provide a hanging system for fixing the grids
- Presentation of the poster:

- If possible, choose Helvetica or Calibri font and avoid using multiple fonts in the document;

- Use a font size that is readable at 4-5 m: for example, 90 to 100 for the title, and do not go below 24 for the text;

- Title in " Calibri bold " or " Helvetica bold " 90 pt (on average). You can go down to 60 pt.

- Authors' names and affiliation in " Calibri regular " or " Helvetica regular " 38 to 42 pt

- Color Title and authors: White if the background color allows it otherwise Black

- Use bold type to emphasize a part of the text (not underlined type);

- Insert the appropriate banners at the top and bottom of your poster:

o   The **bottom banner** is attached in two separate formats (it contains the logos of Labex, CNRS, PIA (bottom of the poster).

o   The **top banner** will be a 13 cm high band in the color of your OHM (the same of the technical sheet Cf. below). At the bottom right of this band, your OHM's logo + any other logo you deem necessary.
